Welcome

We're glad you are here!

- Ask questions directly to our Subject Matter Experts via the WebEx Q&A panel.
- When we're done, we will provide additional information on supplemental training materials located on the http://www.mycrownweb.org web site.

How We'll Do Things Today

Each lesson is divided into two parts:

- **Part 1** – Background information
- **Part 2** – Demonstration of how to complete the CMS-2744

NOTE:
Patient data used in this presentation is fictitious.

The Annual ESRD Facility Survey: CMS - 2744

What is the Annual ESRD Facility Survey CMS-2744?

The Annual ESRD Facility Survey is:

- A CMS Office of Management and Budget reporting requirement for all ESRD facilities and Transplant Centers to provide information to CMS
- Designed to collect ESRD facility (2744-A) and Transplant Center (2744-B) information regarding:
  - Patient Census
  - Treatment Records
  - Staffing Records
- The information is used to assess and evaluate the local, regional and national levels of medical and social impact of ESRD care and is used extensively by researchers and suppliers of services for trend analysis.*

*Federal Register Vol. 75, No. 48 March 12, 2010

TREATMENT AND STAFFING

NOTE: The following section (fields 36 and 37) should reflect all outpatient treatments given to ESRD patients including self-care training treatments and those provided to transients during the survey year. Please be certain to report treatments to correspond with patients counted at the end of the survey period in a particular modality. If a situation occurs where a patient is reported at the end of the survey period but no treatments were provided, please explain why no treatments were provided in the Remarks section of the survey form. **DO NOT INCLUDE ACUTE TREATMENTS.**

Hemodialysis

Field 36: Outpatient Treatments. Enter the number of staff-assisted treatments, training hemodialysis treatments and treatments performed by self-dialyzing patients, incenter, during the survey period.

Other

Field 37: Other Treatments. Enter the number of all other types of treatments provided incenter. For all types of peritoneal dialysis training, report the number of days for which exchanges were provided. Do not report the number of exchanges and do not report days where no dialysis treatments or exchanges were furnished. For example, report the number of staff-assisted and training intermittent peritoneal (IPD) treatments, CAPD and CCPD training days and all other number of treatments performed by self-dialyzing patients or training patients, incenter, during the survey period.

Staffing

Enter the nu[illegible] Full Time [illegible] Part Time staff [illegible] at [illegible] cility as of D[illegible]mber 31

System News

Welcome to CROWNWeb!

Below is a listing of the CROWNWeb features in this release. The production environment contains startup data copied from SIMS, the ESRD Patient Registry maintained by the ESRD Networks.

- Users will be able to search, add, save, edit, submit, and print facility records.
- Users will be able to search, add, edit, submit, and print facility personnel records.
- Users will be able to admit to and discharge patients from a facility.
- Users will be able to add, edit, and submit patient treatment records.
- Users will be able to search, edit, and submit a patient record.
- Users will be able to enter information associated with the 2728 form for Initial, Supplemental, and Re-entitlement patients (including Initial Dialysis, Initial Transplant, Supplemental Training, Supplemental Transplant, and Re-entitlement forms).
- Users will be able to enter a 2746 form for a patient.
- Users will be able to print blank 2728 and 2746 forms, along with pre-populated 2728 and 2746 forms for patients.
- Users will be able to verify patients and patient data using the PART feature.
- Users will be able to search, add, edit, and submit clinical lab test results and vascular access information for patients.
- Users will be able to add, edit, and submit facility preferences for clinical data.
- Users will be able to create and print a patient roster for a facility.
- Users will be able to run Audit reports for all data added, updated, or deleted in CROWNWeb.

Internet Explorer 7 users should verify the following setting before using CROWNWeb. Close all Internet Explorer windows and open a new Internet Explorer browser window. Then go to Tools -> Internet Options, select the Advanced tab, scroll to the Security section and ensure the "Enable Native XMLHTTP support" option is NOT selected. If the option is selected, apply this change, then return to the application.
