

What is EIDM?

The Enterprise Identity Management system (EIDM) is a Centers for Medicare & Medicaid Services (CMS) application you will use to create, request and maintain usernames, passwords and Multi-Factor Authentication for CROWNWeb, the ESRD QIP system, and other CMS systems. Currently, EIDM is running in parallel with the QualityNet Identity Management System (QIMS). However, QIMS will be replaced by the new QualityNet Authorization and Role Management (QARM) system in July. To ensure continued access to CMS systems, users must complete a new EIDM registration process starting June 6, 2016 in order to retain access.

What is QARM?

After an Identity account is created in EIDM, the user must then go into QARM beginning July 19, 2016 to request access to CROWNWeb, the ESRD QIP system, and other CMS applications. Through QARM, users can obtain direct access to authorized CMS systems. Facilities will also manage CROWNWeb user role and scope in QARM. With this updated platform, users will no longer have to log in or out of CROWNWeb/ESRD QIP system to go from one application to the other. QARM enables users to seamlessly toggle between the two.

Training

During June and July, CMS and the OCT team will offer training events on EIDM and QARM registration. Each virtual training event will walk users through completion of the EIDM process in a timely manner in an easy-to-follow, interactive format, and will help ensure that all current CROWNWeb, ESRD QIP system, and other CMS system users have an easy transition to the new EIDM/QARM applications.

The infographic is titled 'EIDM/QARM Onboarding OCT Communications & Training' and includes the URL 'www.MyCROWNWeb.org'. It features a central graphic of a train with five cars, each representing a communication or training event. Above the train are five numbered steps: 1. CW/ESRD QIP System Users, 2. Alert users as to onboarding, 3. Specialized Sessions - Help Desk, EDIs, NWs, 4. Latest onboarding notices, 5. Separate training sessions. To the right, a bar chart shows '0% New users onboard'. Below the train, a timeline shows the dates for each event: 1. eBlasts (6/6 - 7/14), 2. Town Halls (5/28, 6/30, 7/28), 3. Special Training (6/6 - 8/5), 4. Newsletters (5/31, 6/30, 7/31), 5. SO/EU Training (6/13 - 7/29). The CMS logo and CROWNWeb logo are at the bottom.

EIDM/QARM Training Schedule

Date	Time
Security Officials and Large Dialysis Organization (LDO) Representatives	
Tuesday, June 14, 2016	10:00 AM ET
Tuesday, June 14, 2016	2:00 PM ET
Tuesday, June 21, 2016	10:00 AM ET
Tuesday, June 21, 2016	2:00 PM ET
ESRD Quality Incentive Program's Points of Contact (POCs)	
Tuesday, June 28, 2016	10:00 AM ET
Tuesday, June 28, 2016	2:00 PM ET
Regular End Users	
Wednesday, July 6, 2016	10:00 AM ET
Wednesday, July 6, 2016	2:00 PM ET
Thursday, July 7, 2016	10:00 AM ET
Thursday, July 7, 2016	2:00 PM ET
Tuesday, July 12, 2016	10:00 AM ET
Tuesday, July 12, 2016	2:00 PM ET

Please note that this Training schedule is subject to changes at any time. Users may attend any training date and time that is available for their particular audience.
