CROWNWeb Help Me Form

HOW CAN WE HELP YOU TODAY

Technical Support
I know what I'm supposed to do, but something in CROWNWeb isn't working right.

Training Support
I don't know how to do something in CROWNWeb.

Improving CROWNWeb
I have an idea how to make CROWNWeb better.

Other
Something that doesn't fit in the three areas above.

Upcoming Webinar Events

By: Janis Grady, CMS Program Lead for CROWNWeb Outreach, Communications, and Training (OCT), Division of Quality Measures, Center for Clinical Standards and Quality (CCSQ)

In preparation for the holiday season and the end of the year, The Centers for Medicare and Medicaid Services (CMS) and The CROWNWeb Outreach, Training, and Communication (OCT) Team would like to announce the dates for all upcoming 2016 CROWNWeb Town Hall Events and New User Training. We understand that during the holiday season facilities may have to change schedules in order to fulfill seasonal obligations. Our hope is that by releasing the dates early, staff members will have ample time to plan their attendance. We value your time and expertise and would like to continue providing up-to-date news and training sessions in a timely manner.

2016 CROWNWeb Town Hall Events		2016 CROWNWeb New User Training	
Thursday, October 27, 2016	Register	Tuesday, October 11, 2016	Register
Thursday, November 17, 2016	Register	Tuesday, November 8, 2016	Register
Thursday, December 15, 2016	Register	Tuesday, December 13, 2016	Register
All events begin at 2:00 PM Eastern			

MyCROWNWeb Website Updates

CMS and OCT strive to make sure the entire ESRD community has up to date information on CROWNWeb and the ESRD QIP system. There is a consistent rotation of new information being added to the www.mycrownweb.org website. The most recent updates have been the renaming of the tabs at the top of the home page last week. This update was done to improve navigation for website users. Ongoing updates have been the completion of the HELP files as well as the tutorials to reflect CROWNWeb 5.0. At this time twelve tutorials (About CROWNWeb, Admit A New Patient, Discharging A Patient, Admit and Discharge Transient Patients, Edit Patient Attributes, Manage Clinical Data, and View and Verify PART Data) have been updated.

Transient Patients in CROWNWeb

A transient patient is one who is expected to be managed by the dialysis facility for 30 days or less or 13 treatments or less. In CROWNWeb, a patient can only be assigned to one primary facility at a time. An admission to a secondary facility for a short duration requires the user to indicate the patient is a transient. Facilities are required to admit all transient patients to their facility in order to maintain a proper census count of their patients. To admit a transient patient, go to the Admit Patient screen in CROWNWeb and enter the patient's information as a transfer in and select Yes as the transient status.
