### NEW Data Quality Goals

*By: Janis Grady, CMS Program Lead for CROWNWeb Outreach, Communications, and Training (OCT), Division of Quality Measures, Center for Clinical Standards and Quality (CCSQ)*

The Centers for Medicare and Medicaid Services (CMS) announced in last month’s CROWNWeb Newsletter that the CROWNWeb Data Quality Goals established in March of 2016 had been met in essentially all categories. The Data Quality Goals focused on decreasing the number of outstanding CMS-2728 forms, and improving the percentage of items entered, or tasks performed, in a timely manner. Goals were set based upon data governance outlined and defined in the CROWNWeb Data Management Guidelines.

**Janis Grady**

CMS will provide new 2017-2018 data target goals shortly and will assess performance using the data from the CROWNWeb Facility Dashboard.

The Facility Dashboard will permit CMS to assess compliance month to month, and report outcomes for national improvements. The categories for 2017–2018 measures (shown below) have been established. CMS encourages all facilities to utilize the Facility Dashboard as a real-time online tool to monitor, measure, and manage CROWNWeb data.

2017–2018 Categories	
Admission within 5 Days	CMS-2746 with in 14 Days
Initial CMS-2728 with in 10 Days (New)	System Discharges
Initial CMS-2728 w/in 45 Days (Due)	Notifications & Accretions
CMS-2728 greater than 45 Days (Overdue)	

### CROWNWeb Unavailable – June 6th

In order to prepare for the launch of the new Facility Dashboard, the CROWNWeb system will be unavailable between **June 6<sup>th</sup> at 12 noon EDT through June 7<sup>th</sup> at 6AM EDT**. During this time, users will not be able to complete any tasks in the CROWNWeb system, and as such, should attempt to enter all patient/clinical data prior to the downtime.

## Facility Dashboard Launch and Training

The new CROWNWeb Facility Dashboard is set to be released on June 7, 2017. In order to prepare CROWNWeb users for its launch, the CROWNWeb Outreach, Communication, and Training (OCT) Team has worked with CMS to provide a 30-minute tutorial on accessing, functionality, navigation and completion of tasks using the new CROWNWeb Facility Dashboard. There will be three training sessions held in June. Users are encouraged to attend one scheduled event in order to prepare for using the Dashboard. All sessions will repeat the same content, and as such, attending multiple sessions is not needed. Those unable to attend a session may listen to the recorded training that will be located in the tutorials section, under the Education tab at [www.MyCROWNWeb.org](http://www.MyCROWNWeb.org). Registration for all training on the Facility Dashboard is now open via the Training Calendar.

Facility Dashboard Training Sessions
June 7 <sup>th</sup> at 10AM EDT
June 7 <sup>th</sup> at 2PM EDT
June 13 <sup>th</sup> at 2PM EDT

Upcoming Event:

CROWNWeb  
Town Hall

June 29, 2017

2PM–3PM EDT

## New EIDM Password Requirements

CMS has announced new password requirements for all users having EIDM accounts to gain access to the CROWNWeb and ESRD QIP systems. Users are urged to log in to [www.portal.cms.gov](http://www.portal.cms.gov) and update their passwords using the following requirements:

• 8-20 items Characters	• At least one capital letter	• At least one special character
• No use of dictionary words (3 or more letters)	• Random set of numbers: No use of a year	

Example of an incorrect password: Test123# **Example of a correct password: Hbfc#8675**

## CROWNWeb Frequently Asked Question

**Question: I added a doctor in CROWNWeb but he/she does not appear when I admit a patient, how do I correct this?**

**Answer:** When adding a DR. in CROWNWeb you must make sure that a UPIN and/or NPI is entered in order for them to show up on other screens and forms.
